

# Put the correct name with the stage in the life cycle

The diagram illustrates the life cycle of a salmon with six stages, each in a box for labeling:

- Top left: A large, mature salmon (Adult Salmon).
- Top middle: A cluster of small, round eggs (Eggs).
- Top right: A cluster of larger, round eggs with visible eyes (Eyed Eggs).
- Middle left: A small, young fish with a yellow belly (Alevin).
- Middle right: A small, young fish with a green back and red belly (Fry).
- Bottom left: A young fish with vertical stripes (Parr).
- Bottom middle: A young fish with a yellow belly and vertical stripes (Smolt).
